

ALPACA FLEECE CATALOGUE

Galifrey has a large range of raw fleece for sale—in a variety of colours, and degrees of fineness. This catalogue is sorted by colour and has information about each animal and a photo to assist in selection. There may be a slight colour variation between some images of animals and the close up of their fleece as fleeces were photographed indoors.

Our fleece has been skirted to exclude most leg and belly fleece, and the neck fleece (bagged separately) has also been skirted to remove guard hair. Weights listed do not include these pieces.

Prices are for the entire weight of the fleece listed, but we also sell smaller quantities—please phone to discuss.

All fleece information is at December 2006. Prices listed include gst, but does not include a postage/handling fee of \$20 per order (Australia-wide).

Enquiries and inspections
welcome by appointment.
